Index to Volume 42, 1979

Page numbers preceded by '(P)' refer to the summaries of papers at the Meetings of the Society of British Neurological Surgeons.

AARLI, J. A., HEIMANN, P., MATRE, R., THUNOLD, S., and TONDER, O.: Lymphocyte subpopulations in thymus and blood from patients with myasthenia gravis, 29

ABBASSIOUN, K., AMELI, N. O., and MORSHED, A. A.: Intracranial sewing needles: review of 13 cases, 1046

ABBRUZZESE, G., ABBRUZZESE, M., FAVALE, E., and RATTO, S.: Tonic vibration reflex in Holmes-Adie syndrome: an electrophysiological study, 943

ABBRUZZESE, M. *See* ABBRUZZESE, G., ABBRUZZESE, M., *et al.*

ABER, G. M. *See* CORSTON, R. N., MCGALE, E. H. F., *et al.*

ABRAMS, J. D. *See* THOMAS, P. K., ABRAMS, J. D., *et al.*

Abscess, pontine, locked-in syndrome caused by solitary, 1062

Abscesses, cerebral, produced by bacterial implantation and septic embolisation in primates, 63

Abscesses, nocardial cerebral, new concepts, 1038

Acinetobacter calcoaceticus variant *anitratus*, ventriculitis from infection with, 475

Acoustic response, crossed, combined with visual and somatosensory evoked responses in the diagnosis of multiple sclerosis, 749

Acromegaly, results of 58 operations (P), 286

ADAMS, D., FESTENSTEIN, H., GIBSON, J. D., HUGHES, R. A. C., JARAQUEMADA, J., PAPASTERIADIS, C., SACHS, J., and THOMAS, P. K.: HLA antigens in chronic relapsing idiopathic inflammatory polyneuropathy, 184

Adenomas, pituitary, giant, surgical treatment of, 973

Adenomas, pituitary, surgical treatment (P), 965

Adenosine, possible role in cerebral blood flow (P), 964

Afferent pupillary defect in acute optic neuritis, 1008

Agraphia, pure, as discrete form of aphasia, 266

AGRAWAL, M. S. *See* SANYAL, B., PANT, G. C., *et al.*

AKAR, A. A. *See* SALTI, I. S., HADDAD, F. S., *et al.*

ALBANO, C. *See* ROCCATAGLIATA, G., ALBANO, C., *et al.*

ALBIZZATI, M. G. *See* BASSI, S., ALBIZZATI, M. G., *et al.*

Alcoholism, absence of parasympathetic denervation of the iris in, 1018

Alexander's disease, histopathological and electronic microscopic features, 619

Alexia, evidence for phonological processing in reading from, 1125

Alexia, phonological, 1115

ALLEN, I. V., MILLAR, J. H. D., KIRK, J., and SHILLINGTON, R. K. A.: Systemic lupus erythematosus clinically resembling multiple sclerosis and with unusual pathological and ultrastructural features, 392

Amantadine, in treatment of Creutzfeld-Jakob disease, 960

AMELI, N. O. *See* ABBASSIOUN, K., AMELI, N. O., *et al.*

AMES, F. R., and BOWEN, R. M.: First Coloured South African with multiple sclerosis confirmed by necropsy, 731

Amine metabolites in ventricular cerebrospinal fluid in coma, 887

Amino-acids, cerebrospinal fluid, abnormalities, in purulent meningitis, 881

AMINOFF, M. J.: Involvement of peripheral vasomotor fibres in carpal tunnel syndrome, 649

4-aminopyridine, effects in myasthenia gravis, 171

AMIRI, Z. N. *See* SALTI, I. S., HADDAD, F. S., *et al.*

Amnesia, transient global, after clioquinol, 1084

Amnesia, transient global, case report, 572

Amyloidosis, familial, with cranial neuropathy and corneal lattice dystrophy, 1020

Amyloidosis, neuropathy, and monoclonal gammopathy, 193

Anastomosis, superficial temporal artery to middle cerebral artery, microvascular procedures for (P), 967

Aneurysms, anterior communicating (P), 967

Aneurysms, cerebral arterial, subarachnoid haemorrhage from, relationship between presence of vasoconstrictor activity in cerebrospinal fluid and time after, 625

Aneurysms, giant, treatment by inserting copper alloy wires to produce intra-aneurysmal thrombosis (P), 283

Aneurysms, intracranial, cerebral blood flow before and after operations on (P), 287

Aneurysms, of vein of Galen, computed tomography in diagnosis and management of, 786

Angina pectoris with normal coronary arteries in Shy-Drager syndrome, 910

Angiography, compared with doppler ultrasound, in semiquantitative evaluation of ophthalmic collateral flow in carotid artery occlusion, 1133

Angioimmunoblastic lymphadenopathy with dysproteinaemia, peripheral neuropathy in, 519

Angiomas of the spinal cord: pathogenesis, clinical features, and results of surgery, 1

Anitratus variant of *Acinetobacter calcoaceticus*, ventriculitis from infection with, 475

Anterior choroidal artery, distal, quadruple sector-anopia and sectorial optic atrophy, syndrome of the, 590

Anterior communicating aneurysms (P), 967

Antibodies, cold reactive antilymphocyte, in neurological diseases, 1054

Anticonvulsant therapy, interictal acute psychoses in temporal lobe epilepsy during withdrawal of, 724

Antifibrinolytic therapy in the management of ruptured intracranial aneurysms (P), 963

Antigens, brain, cellular hypersensitivity to, in children of a family with hereditary ataxia, 203

Antigens, CNS, suppression, spinal cord regeneration after, 642

Antihypertensive treatment, effects of long-term, on brain metabolism after bilateral carotid artery occlusion in spontaneous hypertension, 1141

Antilymphocyte antibodies, cold reactive, in neurological diseases, 1054
Aphasia, pure agraphia as discrete form of, 266
Apoplexy, pineal, 1050
Arachnoiditis, diagnosis and management of tuberculous paraplegia caused by, 12
ARIGA, N. *See* KITAHARA, T., ARIGA, N., *et al.*
ARIGBABU, S. O. *See* BEAN, J., DARLING, J., *et al*
Arterial aneurysms, cerebral, subarachnoid haemorrhage from, relationship between presence of vasoconstrictor activity in cerebrospinal fluid and time after, 625
Arterial blood pressure, drug-induced changes in, late effects of subarachnoid haemorrhage on the response of the cerebral circulation to, 899
Arterial compression and distortion of the trigeminal nerve in trigeminal neuralgia (P), 284
Arteries, normal coronary, angina pectoris with, in Shy-Drager syndrome, 910
Arteriovenous fistula, congenital, producing carpal tunnel syndrome, 815
Arteriovenous malformations, cerebral, stereotactic radiosurgery in the treatment of (P), 963
Arteriovenous malformations, intracranial, 32 cases (P), 963
Arteriovenous malformations, of posterior fossa apparently causing clonic hemifacial spasm, 670
Arteriovenous malformations, 74 cases (P), 285
Arteriovenous shunt, bovine, ischaemic neuropathy in uraemia, caused by, 810
Arteritis, giant cell, internal carotid artery occlusion caused by, 1066
Artery, carotid, diseases, assessment of directional doppler ultrasound techniques in the diagnosis of, 563
Artery, carotid, occlusion, ophthalmic collateral flow in, semiquantitative evaluation comparing doppler ultrasound with angiography, 1133
Artery, distal anterior choroidal, quadruple sector-anopia and sectorial optic atrophy, syndrome of the, 590
Artery, internal carotid, occlusion caused by giant cell arteritis, 1066
Artery occlusion, bilateral carotid, in spontaneous hypertension, effects of long-term antihypertensive treatment on brain metabolism after, 1141
ASCHENBRENER, C. A. *See* MURPHY, M. J., BRENTON, D. W., *et al.*
Astroglia, normal, primary biological function (P), 967
Ataxia, hereditary, cellular hypersensitivity to brain antigen in children of a family with, 203
Atenolol, epileptic seizures precipitated by (L), 484
Auditory and tactile vigilance after total or partial commissurotomy, 70
AVANZINI, G., GIROTTI, F., CARACENI, T., and SPREAFICO, R.: Oculomotor disorders in Huntington's chorea, 581
AVEZAAT, C. J. J., EIJNDHOVEN, J. H. M. VAN, and WYPER, D. J.: Cerebrospinal fluid pulse pressure and intracranial volume-pressure relationships, 687
Axial tomography. *See* Computerised tomography
Azathioprine treatment of non-remitting multiple sclerosis, prolonged 338

BACKLUND, E-O. *See* FORSTER, D. C. M., STEINER, L., *et al.*
Bacterial implantation and septic embolisation in primates, cerebral abscesses produced by, 63
BAIRD, D. R. *See* CLELAND, P. G., MACFARLANE, J. T., *et al.*
BALLANTYNE, J. P. *See* DONOSO, R. S., BALLANTYNE, J. P., *et al.*
BALLANTYNE, J. P. *See* WEIR, A., HANSEN, S., *et al.*
Ballistic elbow flexion movements in amyotrophic lateral sclerosis, 232
BAR-SELLA, P., FRONT, D., HARDOFF, R., PEYSER, E., BOROVICH, B., and NIR, I.: Ultrastructural basis for different pertechnetate uptake patterns by various brain tumours, 924

Contents

No. 1 JANUARY 1979 — *Page*

Angiomas of the spinal cord: review of the pathogenesis, clinical features, and results of surgery VALENTINE LOGUE 1

Diagnosis and management of tuberculosis paraplegia with special reference to tuberculosis radiculomyelitis DAVID FREILICH and MICHAEL SWASH 12

Brain damage complicating septic shock D. I. GRAHAM, P. O. BEHAN, and I. A. R. MORE 19

Lymphocyte subpopulations in thymus and blood from patients with myasthenia gravis JOHAN A. AARLI, PETER HEIMANN, ROALD MATRE, SVEIN THUNOLD, and OLAV TÖNDER 29

Electrical properties of motor units in Parkinsonism and a possible relationship with bradykinesia H. S. MILNER-BROWN, M. A. FISHER, and W. J. WEINER 35

Changes in motor unit populations in motor neurone disease S. A. CARLETON and W. F. BROWN 42

Uraemic myoclonus: an example of reticular reflex myoclonus? D. CHADWICK and A. T. FRENCH 52

Nicolaus A. Friedrich's description of peripheral facial nerve paralysis in 1798 T. D. BIRD 56

Regional impairment of cerebral oxidative metabolism in Parkinson's disease G. L. LENZI, T. JONES, J. L. REID, and S. MOSS 59

Cerebral abscesses produced by bacterial implantation and septic embolisation in primates JAMES H. WOOD, WILLIAM E. LIGHTFOOTE II, and AYUB K. OMMAYA 63

Tactual and auditory vigilance in split-brain man STUART J. DIMOND 70

Value of EEG in acute confusional states RUTH OBRECHT, F. O. A. OKHOMINA, and D. F. SCOTT 75

Concentration of homovanillic acid and 5-hydroxyindoleacetic acid in the ventricular cerebrospinal fluid of patients with obstructive hydrocephalus K. KMIECIAK-KOLADA, H. MAJCHRZAK, and Z. S. HERMAN 78

Influence of site of origin of lung carcinomas on clinical presentation and central nervous system metastases B. E. TOMLINSON, R. H. PERRY, and E. G. STEWART-WYNNE 82

Beats produced between a rhythmic applied force and the resting tremor of Parkinsonism E. G. WALSH 89

Book reviews 95

No. 2 FEBRUARY 1979

Regeneration of sutured human peripheral nerves: an electrophysical study RAFAEL S. DONOSO, JOHN P. BALLANTYNE, and STIG HANSEN 97

Investigation of brachial plexus traction lesions by peripheral and spinal somatosensory evoked potentials S. J. JONES 107

Late sequelae of paralytic poliomyelitis: a clinical and electromyographic study MICHAEL HAYWARD and DOUGLAS SEATON 117

Transcranial management of pituitary tumours with suprasellar extension LINDSAY SYMON and JAN JAKUBOWSKI 123

Functional consequences of the transcallosal removal of intraventricular tumours M. A. JEEVES, D. A. SIMPSON, and G. GEFFEN 134

Long-term treatment of Parkinson's disease with bromocriptine A. RASCOL, B. GUIRAUD, J. L. MONTASTRUC, J. DAVID, and M. CLANET 143

Vocal cord paralysis in the Shy-Drager syndrome ADRIAN WILLIAMS, DAVID HANSON, and DONALD B. CALNE ... 151

Neonatal polycystic encephalomalacia: four new cases and review of the literature A. M. CHUTORIAN, R. C. MICHENER, R. DEFENDINI, S. K. HILAL, and E. T. GAMBOA 154

Characteristics of the F response: a single motor unit study STEPHEN K. YATES and WILLIAM F. BROWN 161

Effects of 4-aminopyridine in myasthenia gravis H. LUNDH, O. NILSSON, and I. ROSÉN 171

Myelopathy in Marfan's syndrome P. K. NEWMAN and P. J. B. TILLEY 176

Significance of immunoglobulin deposition in peripheral nerve in neuropathies associated with paraproteinaemia M. SWASH, J. PERRIN, and M. S. SCHWARTZ 179

HLA antigens in chronic relapsing idiopathic inflammatory polyneuropathy DIANA ADAMS, H. FESTENSTEIN, J. D. GIBSON, R. A. C. HUGHES, J. JARAQUEMADA, C. PAPASTERIADIS, J. SACHS, and P. K. THOMAS 184

Pseudoclaudication syndrome caused by a tumour of the cauda equina J. FAGIUS and C-E. WESTERBERG 187

Book reviews 190

Notices 192

Contents

No. 3 MARCH 1979

	Page
Neuropathy, amyloidosis, and monoclonal gammopathy J. W. FITTING, A. BISCHOFF, F. REGLI, and G. DE CROUSAZ	193
Cellular hypersensitivity to brain antigen in children of a family with hereditary ataxia R. S. WALLS, D. V. PHILCOX, and CATHERINE L. CULLIS	203
Familial occurrence of moya-moya disease: report of three Japanese families TOSHIKI KITAHARA, NAOBUMI ARIGA, AKIRA YAMAURA, HIROYASU MAKINO, and YUTAKA MAKI	208
Computerised tomography after recent severe head injury in patients without acute intracranial haematoma J. SNOEK, BRYAN JENNETT, J. HUME ADAMS, D. I. GRAHAM, and D. DOYLE	215
Wernicke's encephalopathy: a more common disease than realised CLIVE HARPER	226
Ballistic elbow flexion movements in patients with amyotrophic lateral sclerosis MARK HALLETT	232
Delayed cervical somatosensory potentials in cervical spondylosis E. EL NEGAMY and E. M. SEDGWICK	238
Slow cord dorsum potentials elicited by descending volleys in man H. SHIMIZU, K. SHIMOJI, Y. MARUYAMA, Y. SATO, H. HARAYAMA, and T. TSUBAKI	242
Effect of temperature on neuromuscular transmission in the Eaton-Lambert syndrome C. D. WARD and N. M. F. MURRAY	247
Effect of raising body temperature on visual and somatosensory evoked potentials in patients with multiple sclerosis W. B. MATTHEWS, D. J. READ, and ERIKA POUNTNEY	250
Mental aspects of temporal lobe epilepsy INGE JENSEN and J. K. LARSEN	256
Pure agraphia: a discrete form of aphasia G. ROSATI and P. DE BASTIANI	266
Remittent painful ophthalmoplegia: the Tolosa-Hunt syndrome? T. L. DORNAN, M. L. E. ESPIR, E. A. M. GALE, R. B. TATTERSALL, and B. S. WORTHINGTON	270
Rigid spine syndrome IKUO GOTO, SUSUMU NAGASAKA, HITOSHI NAGARA, and YOSHIGORO KUROIWA	276
Cauda equina compression presenting as spontaneous priapism M. RAVINDRAN	280
Proceedings of the Society of British Neurological Surgeons	283
Book reviews	288
Notice	288

No. 4 APRIL 1979

Moya-moya disease: clinical and pathological report of a case with associated myopathy H. B. COAKHAM, L. W. DUCHEN, and F. SCARAVILLI	289
Correlation of CAT scan and visual field defects in vascular lesions of the posterior visual pathways D. L. MCAULEY and R. W. ROSS RUSSELL	298
Restitution of visual function in patients with cerebral blindness J. ZIHL and D. VON CRAMON	312
Visual and somatosensory evoked cortical potentials in multiple sclerosis W. TROJABORG and E. PETERSEN	323
Stapedius reflex in multiple sclerosis K. HESS	331
Prolonged azathioprine treatment of non-remitting multiple sclerosis J. A. ROSEN	338
Accuracy of ventricular volume estimation DAVID J. WYPER, JOHN D. PICKARD, and MARGARET MATHESON	345
Frequency resonance investigation of the H reflex S. TÓTH, A. SÓLYOM, and J. VAJDA	351
Chronic polioencephalitis with cerebral atrophy in infantile X-linked hypogammaglobulinaemia BOLESLAW H. LIWNICZ and VINCENT A. MARINKOVICH	357
Benign recurrent vertigo ROBERT SLATER	363
Characterisation of the mobility on isoelectric focusing of individual proteins in CSF and serum by immunofixation MARIA ASSUNTA LAURENZI and HANS LINK	368
Five cases of intracranial tuberculoma followed by serial computerised tomography R. C. PEATFIELD and H. H. SHAWDON	373
Tiapride in levodopa-induced involuntary movements A. J. LEES, C. M. LANDER, and G. M. STERN	380
Parkinsonism after traumatic childbirth R. P. MURPHY	384
Book reviews	386
Notice	388

No. 5 MAY 1979

	Page
Editorial: Citation and listing of references	389
Systemic lupus erythematosus clinically resembling multiple sclerosis and with unusual pathological and ultrastructural features INGRID V. ALLEN, J. H. D. MILLAR, J. KIRK, and ROSEMARY K. A. SHILLINGTON	392
Morphological and biochemical findings in jejunal biopsies from patients with multiple sclerosis P. E. JONES, C. PALLIS, and T. J. PETERS	402
Subtle disturbances of vision after optic neuritis elicited by studying contrast sensitivity R. L. ZIMMERN, F. W. CAMPBELL, and I. M. S. WILKINSON	407
Radiation myelopathy B. SANYAL, G. C. PANT, K. SUBRAHMANIYAM, M. S. AGRAWAL, and S. MOHANTY	413
Intradural enterogenous cyst S. MOHANTY, C. J. RAO, P. K. SHUKLA, D. N. VERMA, and ASHOK K. NAYAK	419
Sensory functions in chronic neuralgia ULF LINDBLOM and RONALD T. VERRILLO	422
Nerve conduction, tactile sensibility, and the electromyogram after suture or compression of peripheral nerve: a longitudinal study in man F. BUCHTHAL and V. KÜHL	436
Nervous system complications of herpes zoster: immunofluorescent demonstration of varicella-zoster antigen in CSF cells A. C. B. PETERS, J. VERSTEEG, G. TH. A. M. BOTS, J. LINDEMAN, and R. E. H. SMEETS	452
Dopamine receptors and sleep induction in man S. BASSI, M. G. ALBIZZATI, L. FRATTOLA, D. PASSERINI, and M. TRABUCCHI	458
Late components of motor unit potentials in central core disease J. M. LOPEZ-TERRADAS and M. CONDE LOPEZ	461
Blink reflexes in posterior fossa lesions B. ROSSI, R. BUONAGUIDI, A. MURATORIO, and G. TUSINI	465
Blink reflexes in severe traumatic coma R. BUONAGUIDI, B. ROSSI, F. SARTUCCI, and V. RAVELLI	470
Ventriculitis from Acinetobacter calcoaceticus variant anitratus RAM YOGEV	475
Reading difficulty as a presenting symptom in Wilson's disease NIGEL M. HYMAN and PRIDA PHUAPRADIT	478
Book reviews	481
Letter	484
Notice	484

No. 6 JUNE 1979

Difficulties in diagnosis of supratentorial gliomas by CAT scan B. E. KENDALL, J. JAKUBOWSKI, P. PULLICINO, and L. SYMON	485
Papilloedema, CSF pressure, and CSF flow in cerebral tumours H. VAN CREVEL	493
Dementia paralytica: deterioration from communicating hydrocephalus SANTIAGO GIMÉNEZ-ROLDÁN, CARLOS BENITO, and MERCEDES MARTIN	501
Early and preventable changes of peripheral nerve structure and function in insulin-deficient diabetic rats J. JAKOBSEN	509
Peripheral neuropathy in angioimmunoblastic lymphadenopathy with dysproteinaemia GIOVANNI TREDICI, MARIO MINAZZI, and EMILIO LAMPUGNANI	519
Malignant mesenchymoma of ulnar nerve: combined sarcoma of nerve sheath and rhabdomyosarcoma SAMRUAY SHUANGSHOTI and VASANT CHONGCHET	524
Xanthochromic cysts associated with meningioma H. J. W. NAUTA, W. S. TUCKER, W. J. HORSEY, J. M. BILBAO, and C. GONSALVES	529
3-Methylhistidine excretion as an index of myofibrillar protein catabolism in neuromuscular disease R. O. MCKERAN, D. HALLIDAY, P. PURKISS, and P. ROYSTON	536
Crural hypertrophy associated with centronuclear myopathy P. BILL, G. COLE, N. S. F. PROCTOR, D. SAFFER, and A. BOTES	542
Centronuclear myopathy P. BILL, G. COLE, and N. S. F. PROCTOR	548
Myokymia and impaired muscular relaxation with continuous motor unit activity F. D. LUBLIN, P. TSAIRIS, L. J. STRELETZ, R. A. CHAMBERS, W. F. RIKER, A. VAN POZNAK, and S. W. DUCKETT	557
Assessment of directional doppler ultrasound techniques in the diagnosis of carotid artery diseases D. R. PRICHARD, T. R. P. MARTIN, and SUSAN B. SHERRIFF	563
Visual perseveration in temporal lobe epilepsy MICHAEL SWASH	569
Transient global amnesia: an extensive case report BARRY GORDON and OSCAR S. M. MARIN	572
Six months evaluation of thiopropazate hydrochloride in tardive dyskinesia J. SYDNEY SMITH and L. G. KILOH	576
Book reviews	580

Contents

No. 7 JULY 1979 — *Page*

Oculomotor disorders in Huntington's chorea GIULIANO AVANZINI, FLORIANO GIROTTI, TOMMASO CARACENI, and ROBERTO SPREAFICO 581

Quadruple sectoranopia and sectorial optic atrophy: a syndrome of the distal anterior choroidal artery L. FRISÉN 590

Immune complexes in myasthenia gravis WILHELMINA M. H. BEHAN and P. O. BEHAN 595

Haemophilic neuromyopathy C. R. DEFARIA, S. E. DE MELO-SOUZA, and E. D. PINHEIRO 600

Pathophysiological mechanisms in cerebral palsy H. S. MILNER-BROWN and RICHARD D. PENN 606

Alexander's disease: case report including histopathological and electron microscopic features G. COLE, F. DE VILLIERS, N. S. F. PROCTOR, I. FREIMAN, and P. BILL 619

Relationship between presence of vasoconstrictor activity in cerebrospinal fluid and time after subarachnoid haemorrhage from rupture of cerebral arterial aneurysms T. M. HUNT, G. H. DU BOULAY, W. P. BLASO, D. M. C. FORSTER, and D. J. BOULLIN 625

Pattern sensitive epilepsy: a case report J. KOGEORGOS, R. A. HENSON, and D. F. SCOTT 635

Plasma and cerebrospinal fluid tryptophan in multiple sclerosis and degenerative diseases F. MONACO, S. FUMERO, A. MONDINO, and R. MUTANI 640

Spinal cord regeneration in rats made immunologically unresponsive to CNS antigens E. R. FERINGA, K. R. NELSON, H. L. VAHLSING, and R. C. DAUSER 642

Involvement of peripheral vasomotor fibres in carpal tunnel syndrome MICHAEL J. AMINOFF 649

Cutaneous sensory function in diabetes mellitus JOHN P. CONOMY, KAREN L. BARNES, and JEANETTE M. CONOMY 656

Single fibre electromyography in central core disease A. CRUZ MARTÍNEZ, M. T. FERRER, J. M. LÓPEZ-TERRADAS I. PASCUAL-CASTROVIEJO, and P. MINGO 662

Cluster headache: trial of a combined histamine H1 and H2 antagonist treatment DAVID RUSSELL 668

Clonic hemifacial spasm from posterior fossa arteriovenous malformation ADRIAN PIERRY and MALCOLM CAMERON 670

Book reviews 673

Letters 675

Corrections 676

Notices: change of Editor and change of reference style 676

No. 8 AUGUST 1979

Responses of baboon cerebral and extracerebral arteries to prostacyclin and prostaglandin endoperoxide in vitro and in vivo D. A. JARMAN, G. H. DU BOULAY, B. KENDALL, and D. J. BOULLIN 677

Cerebrospinal fluid pulse pressure and intracranial volume-pressure relationships C. J. J. AVEZAAT, J. H. M. VAN EIJNDHOVEN, and D. J. WYPER 687

Conditioning of the H reflex by stimulation of the posterior tibial nerve in Parkinson's disease P. MARTINELLI and P. MONTAGNA 701

Abnormal head movements MICHAEL A. GRESTY and G. MICHAEL HALMAGYI 705

Assessment of cognitive asymmetries in brain-damaged and normal subjects: validation of a test battery S. BENTIN and H. W. GORDON 715

Interictal acute psychoses in temporal lobe epilepsy during withdrawal of anticonvulsant therapy V. A. SIRONI, A. FRANZINI, L. RAVAGNATI, and F. MAROSSERO 724

First Coloured South African with multiple sclerosis confirmed by necropsy FRANCES R. AMES and R. M. BOWEN 731

Lymphocyte function in myasthenia gravis S. KAWANAMI, A. KANAIDE, Y. ITOYAMA, and Y. KUROIWA 734

Circadian rhythms of plasma cortisol in migraine DEWEY K. ZIEGLER, RUTH S. HASSANEIN, ALTAN KODANAZ, and JOSEPH C. MEEK 741

Crossed acoustic response combined with visual and somatosensory evoked responses in the diagnosis of multiple sclerosis R. E. CLIFFORD-JONES, G. P. CLARKE, and P. MAYLES 749

Electrophysiological study of the peripheral nervous system in children M. F. VECCHIERINI-BLINEAU and P. GUIHENEUC 753

Effect of degree and duration of protein energy malnutrition on peripheral nerves in children SHANTI GHOSH, KUMKUM VAID, MAN MOHAN, and M. C. MAHESHWARI 760

Identical twins with papilloedema and cranial nerve palsies A. J. CORBETT and M. POLLOCK 764

Cerebrospinal fluid rhinorrhoea from massive osteolysis of the skull G. VASUDEVA IYER 767

Book reviews 770

Notice 772

No. 9 SEPTEMBER 1979

	Page
Spinal internuncial neurones in progressive encephalomyelitis with rigidity D. A. HOWELL, A. J. LEES and P. J. TOGHILL	773
Computed tomography in diagnosis and management of aneurysm of the vein of Galen P. MACPHERSON, G. M. TEASDALE, and K. W. LINDSAY	786
Oligoclonal banding in the cerebrospinal fluid of patients with postencephalitic Parkinsonism ADRIAN WILLIAMS, SIDNEY HOUFF, ANDREW LEES, and DONALD B. CALNE	790
Standardised method of determining vibratory perception thresholds for diagnosis and screening in neurological investigation J. M. GOLDBERG and U. LINDBLOM	793
L4/5 and L5/S1 disc protrusions: analysis of 323 cases operated on over 12 years N. SHANNON and E. A. PAUL	804
Ischaemic neuropathy in uraemic patients caused by bovine arteriovenous shunt C. F. BOLTON, A. A. DRIEDGER, and R. M. LINDSAY	810
Congenital arteriovenous fistula producing carpal tunnel syndrome J. S. CHOPRA, S. K. KHANNA, and J. M. K. MURTHY	815
Effects of potassium depletion and insulin on resting and stimulated skeletal rat muscle R. DENGLER, W. W. HOFMANN, and R. RÜDEL	818
Muscle fibre excitability and resting membrane potential in hamster muscular dystrophy J. A. R. LENMAN and M. TULLEY	827
Relationship between plasma propranolol concentration and relief of essential tremor D. JEFFERSON, P. JENNER, and C. D. MARSDEN	831
Malignant fibrous histiocytoma producing spinal cord compression P. J. TEDDY and M. M. ESIRI	838
Fibrin degradation products in the cerebrospinal fluid of patients with pneumococcal meningitis P. G. CLELAND, J. T. MACFARLANE, D. R. BAIRD, and B. M. GREENWOOD	843
Influence of cerebral embolism on brain monoamines N. ISHIHARA, K. M. A. WELCH, J. S. MEYER, E. CHABI, H. NARITOMI, T-P. F. WANG, J. H. NELL, M-C. HSU, and Y. MIYAKAWA	847
Lyophilised dura mater: experimental implantation and extended clinical neurosurgical use M. R. MACFARLANE and L. SYMON	854
Multiple sclerosis presenting with acute remitting psychiatric symptoms W. B. MATTHEWS	859
Association between polyneuritis and multiple sclerosis C. FORRESTER and R. G. LASCELLES	864
Book reviews	867
